MBA Health Specialist Pathway by:

Global MBA Specialist Pathway: Health

Involving healthcare professionals in leadership roles is vital to raising standards of patient care.

High performing healthcare systems foster shared, team-based leadership with clinicians actively engaged in organisational performance. This online programme incorporates clinical perspectives with operational business and financial essentials for successful leadership and management of healthcare systems. The Global MBA Health equips students with an expert understanding of the increasingly complex challenges facing today's global healthcare leaders.

Develop your leadership skills

With academic direction provided by UCL Medical School, the Global MBA Health pathway promotes a range of professional attributes that underpin advancement to senior levels of management in the healthcare field.

The programme will:

- provide a rich opportunity to gain an understanding of the practice and the challenges of leadership and management within a healthcare context
- bring policy and practice to life
- facilitate career progression

- broaden your decision-making skills in a healthcare context
- strengthen your skills and enhance your confidence and performance
- lead to a high-value academic credential with the reputation and credibility to enhance your career and contribution to society
- provide valuable training in research techniques
- further develop your independent learning skills required for continuing professional development.

Study our flexible programme online

You study our flexible programme online. We offer four entry points per year (January, April, July and October) to begin the Global MBA. When you register we provide you with all of the resources and study materials you need to complete the programme successfully. You can access these on computers, tablets and other mobile devices through your virtual learning environment (VLE).

Flexible learning options

We offer you the flexibility to fit your studies around your working life. If you need to travel, you can take your studies with you. Assessment includes coursework, projects and written exams.

Join the World Class

When you graduate, you become part of our global network of influential alumni, which includes leaders in industry and Nobel Prize winners.

Indicative programme structure:

Six core modules:

Accounting and Finance

Economics for Managers

Marketing for Managers

Organisational Behaviour and Human Resource Management

Strategic Management

Successful Leadership

Plus four health modules:

Healthcare Systems

Resource Management in Healthcare

Risk, Governance and Patient Safety

Innovation and Quality Improvement

Plus

Strategic Project

Healthcare Systems

This module provides an understanding of the goals, objectives and functions of a health system. Comparing and contrasting different healthcare systems to develop a broad understanding of how healthcare systems operate, deliver services and finance those services.

Resource Management in Healthcare

This module focuses on understanding financial management in healthcare organisations including managing money and people to provide efficient healthcare to patients.

Risk, Governance and Patient Safety

This module provides an understanding of risk and governance in healthcare settings, including balancing priorities such as finance, safety, and patient care. Participants will understand how to assess, develop, implement, and monitor risk management plans to deliver efficient and sustainable service standards.

Innovation and Quality Improvement

This module identifies how quality improvement can be built into healthcare delivery, to improve health outcomes, service performance and organisational learning. Participants will gain the skills required to implement data-driven improvement in healthcare settings.

The Strategic Project

The Strategic Project is the defining component of the MBA programme. It gives you the opportunity to develop your independent business research skills and apply them in an organisational context.

Fees and funding

Gain a prestigious University of London qualification at outstanding value. The course fee varies depending on a number of factors: where you live; whether you receive online or face-to-face tutor support; and whether you pay in full at registration or pay as you study.

The full list of annual fees for the programmes will be published on the Student Fees web page once confirmed. Please visit: london.ac.uk/fees Fees are subject to annual revision and typically may be increased by up to five per cent per year.

If you do not pay in full at registration, you will pay for each module as you take it. The module fee includes access to study materials and entry to the assessments associated with the module (written examination, coursework and project as applicable) but excludes the fee charged by the local examination centre, which you must pay directly.

Please note: all student fees are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the local statutory rate, this will be added to the fees shown during the payment process. For students resident in the UK, our fees are exempt of VAT. For more details, please see: london.ac.uk/mba
