Important information regarding the Programme Regulations

About this document

Last revised: 19 February 2018

As a student registered with the University of London you are governed by the current General Regulations and Programme Regulations associated with your programme of study.

These Programme Regulations are designed and developed by Birkbeck, University of London which is responsible for the academic direction of the programme. The regulations take account of any associated arrangements at Birkbeck. Programme Regulations, together with the Programme Handbook, will provide the detailed rules and guidance for your programme of study. Further information about how to use the Programme Regulations and Programme Handbook can be found in the Student Guide.

In addition to Programme Regulations, you will have to abide by the General Regulations. These regulations apply to all students registered for a programme of study with the University of London and provide the rules governing registration and assessment on all programmes; they also indicate what you may expect on completion of your programme of study and how you may pursue a complaint, should that be necessary. Programme Regulations should be read in conjunction with the General Regulations.

The relevant General Regulations and the Programme Regulations relating to your registration with us are for the current year and not in the year in which you initially registered.

On all matters where the regulations are to be interpreted, or are silent, our decision will be final.

Further information about your programme of study is outlined in the Programme Specification which is available on the relevant Courses page of the website. The Programme Specification gives a broad overview of the structure and content of the programme as well as the learning outcomes students will achieve as they progress.

Terminology

For the Philosophy programme, you should note the following terminology:

Course: Individual units of the programme are called courses. Each course is a self-contained, formally structured learning experience with a coherent and explicit set of learning outcomes and assessment criteria.

To note:

Throughout the Regulations, ‘we’ ‘us’ and ‘our’ mean the University of London; ‘you’ and ‘your’ mean the student, or where applicable, all students.

Changes to Philosophy Regulations 2018-2019

No significant changes.

If you have a query about any of the programme information provided please contact us. You should use the ‘ask a question’ tab in the student portal https://my.londoninternational.ac.uk

The Dissertation

6.3
If you do not want to submit your Dissertation in the year in which your proposal was approved, you should contact the Assessments team via the ask a question tab in the Student Portal. You must explain the reasons for requesting the deferral and include supporting evidence. If we agree to your request, you must submit the Dissertation the following year. This will count as your first attempt at the assessment.

8.8
The Board of Examiners may use its discretion to approve the exit award of a DipHE to a student registered for the BA who has completed eight courses, or, a CertHE to a student who has completed four courses. The Board must be satisfied that these constitute a coherent programme of study appropriate to the title of the award.

8.9

**DipHE in Philosophy**

8.10
You are required to pass the examination in a total of **eight** courses with a mark of 40% or above.
