- When we receive your payment, we will give you a registration date that marks the beginning of your maximum five year registration period with us.
- When you pay for a module, you must select the module session in which you wish to study it (this selection can be changed before the module session starts).
- When the module session starts, you must keep to the University's published rules and deadlines for taking examinations and submitting coursework and projects.

### What to pay

Where applicable, you are required to pay the following Programme Fees in

~~full~~ The module fee is payable once per module and includes access to study materials and entry into the assessments (written examination, coursework and project, as applicable) associated with the module.

- The module fee is determined by:
  - a) whether you choose either institution-supported learning (where available) or web-supported learning, *and*
  - b) the country in which you reside when you register for each module (countries are classified into two categories [Band A and Band B](#)).

**Note** that if you choose institution-supported learning, you cannot also buy web-supported learning. If you choose to pay the full Course Fee, you will automatically receive web-supported learning for all of the modules but you can also select to study any of the modules at an institution; however, you will also need to pay the requisite tuition fee to the institution for this support. If you choose to defer an examination or need to re-sit an exam, you will pay the module continuation fee (see below) and will receive web-supported learning.

- The module continuation fee is payable when you do not complete a module in the session that you have selected, by the published deadlines, and have to do one or more of the following:
  - a) submit or resubmit a coursework or project element for a module that you have failed;
  - b) take or retake an examination that you have deferred or failed.

The module continuation fee includes access to study materials, web-supported learning and entry into the assessments.
