* 'Programme Fees' mean fees payable to the University which include, where applicable, registration fees, continuing registration fees, module/course fees, dissertation fees and examination entry fees as indicated below.

The Programme Fees below refer to the 2019-2020 session only and are effective from 1 March 2019

Initial registration fee	£1000
Course fee (per course, includes first examination entry)	£245
Total for International Foundation Programme (one year)*	£1,980
Other fees (as applicable)	
Continuing registration fee (for second and each subsequent year)	£385
Examination re-entry fee (per course)	£245
New Course fee (per course, includes first examination entry)	£245
*The International Foundation Programme is designed to be completed in one year and you are therefore required to pay the total fee in full when you start the programme. There is, however, flexibility for you to extend your study period if required but additional fees will be payable.	
See details below for costs you may incur with parties which are external to the University of London, for example, examination centre charges and locally imposed taxes. You should budget for these accordingly.	

When to pay

The University's closing date for applications is 1 October. If your application is successful, you will receive an offer inviting you to register. Once you have received an offer from the University, you should inform the teaching centre at which you plan to study. You should then complete your registration with the University of London and pay the University's fees.

In order to be registered as a University of London student, you will need to pay the **total fee in full when you first register**. The closing date for initial registration is 15 October.

Examinations take place in late April each year and you can apply to sit your examination from mid-December to the closing date of 1 February. Students will also need to pay their local examination centre fees as part of their examination entry.

Students invited to the resit session in July will receive separate instructions about how to pay their examination re-entry fee and the entry deadline with their invite.

The continuing registration fee is payable if you wish to maintain your registration in a second or third year of registration at the time when you complete the continuing registration task each year. The closing date for continuing registration is 15 October.

International Foundation Programme 2019-2020 Fee Schedule

If you decide to choose an alternative course to the one you originally registered for (and it is permitted by the Regulations), you must pay a New Course fee.

If you choose to continue your studies with one of our undergraduate degrees in Computing and Information Systems, Creative Computing or Business Administration, we will charge a lower 'continuing registration fee' for this instead of the initial registration fee. If you choose to continue your studies with our undergraduate degrees in the Social Sciences or Law we will charge you the initial registration fee. The closing date for transfers is 30 November.

Other costs

In addition to the Programme Fees payable to the University, you should also budget for textbooks (this will depend on your course selection and you should consult with your teaching centre first) and tuition costs for your teaching centre.

You should also budget for the fee charged by your local examination centre. Examination centre fees are not included within the fees set out above. This fee will vary from centre to centre and you should contact your proposed examination centre(s) for details of their fees to factor them in to the overall cost of completing the programme. You can find contact details for all our [examination centres](#). The University of London is only responsible for the examination centre fee charged at London centres. You will be charged £65 per sitting when using London examination centres.

Goods and Services Tax (GST)

The University is required to add Goods and Services Tax (GST) to registration and module/course fees paid by students resident in certain countries. Further information can be found on [our web page](#).

All programme fees shown are net of any local VAT, Goods and Services Tax (GST) or any other sales tax payable by the student in their country of residence. Where the University is required to add VAT, GST or any other sales tax at the local statutory rate, this will be added to the fees shown during the payment process. For students resident in the UK, our fees are exempt from VAT.

Please note

Programme Fees are subject to annual revision and typically may be increased by up to 5% per annum.

Generally, students whose fees are paid by sponsors will be expected to correspond directly with their sponsor regarding Programme Fees. The University can provide an invoice, if needed, upon request. Materials and VLE access will not be available until Programme Fees have been received.
