## **Research and Doctoral Affiliates**

The University of London Institute in Paris (ULIP) is pleased to welcome visiting academics and doctoral students on an affiliate basis.

For a termly or annual fee, ULIP can provide visiting doctoral students and post-doctoral fellows with affiliate membership of ULIP and this entitles them to:

- Access to the building and facilities, via an access card, until 9 pm during weekdays and 7 pm on Saturdays (the building is closed on Sunday).
- Wi-Fi access via Eduroam log-ins which will enable access to the affiliates own electronic provision.
- Printing, photocopying and scanning facilities
- Access to the basement area where there are self-catering facilities
- Where applicable, ULIP library staff and faculty will be able to assist with access to other research holdings in Paris and general academic mentorship.

The fees from 2020 are:

- 300€ per term
- 700€ per year

These fees are institutional rates. Self-funding affiliates may be eligible for a discount on request subject to the approval of the ULIP's Chief Executive Officer.
